

APPLICATION FOR SCTC E-MEMBERSHIP

This is an application for e-membership in the Southern California Traction Club (SCTC). SCTC E-Membership entitles an individual to all the rights and privileges of the club except voting and ability to hold offices in the club. E-membership has been designed for traction modelers who live more than 100 miles from the Los Angeles clubhouse.

The annual SCTC E-Membership fee is \$5.00!

E-Membership entitles members to participation in club activities, one-on-one discussions on traction-modeling-related activities.

and other private communications on traction modeling and prototypes.

The purpose of this club is the building, operating and demonstrating HO scale traction models and the building and operating modular miniature railways upon which to demonstrate electric railway operation.

I further agree that I will abide by any policies, rules, standards, codes of conduct, and dues assessments so voted upon by the majority of the members of this club.

I additionally understand that by providing the information on this form and by signing below, I will be accepted as a e-member of this club.

It is further agreed that all information provided on this form will be used exclusively for club purposes only and will not be released to any agency including hobby shops and distributors.

Since most interaction may be via electronic means, mainly internet and smart phone, please let us know whether you possess and iPhone or another capability of video conferencing.
