Subject: F-Line Equipment Status Report--June 23, 2010
Date: June 25, 2010 11:11:10 AM EDT
To: SFMuniHistory <SFMuniHistory@yahoogroups.com>

Hi, gang!

Here is the status of F-Line equipment, as of June 25, 2010. Cars listed as "out of service" are requiring repairs lasting longer than 5 work days.

PCCs are going back to Brookville for rewiring or remanufacturing. As of this date, there are three ex-Newark cars, two "Torpedos" and PCC 1040.

Since it's been nearly a year from the last F-Line Equipment Status Report, I've changed the format and made this a PDF. The PDF will be uploaded to the Files section in case you don't get "Individual E-Mails".

Milantram (Peter Ehrlich
listowner

No.	City	Status
